The diagram illustrates the assembly of the Air Condenser Unit. It shows the condenser coil (5) with fan blades (4) mounted on a motor (3). The unit is connected to a hot gas valve body (2) and a hot gas valve coil (9) via a pressure switch collector (8). A high pressure switch (7) and a fan control pressure switch (6) are also shown. The unit is mounted on a base plate (1) and includes a clip tube (11). The compressor (10) is also shown.
